The Star is in row 1.

Character in a row

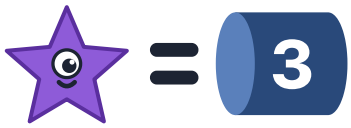

2

The Star is in row 2.

Character in a row

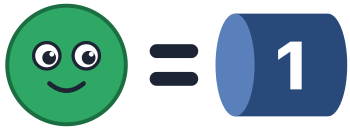

3

The Star is in row 3.

Character in a row

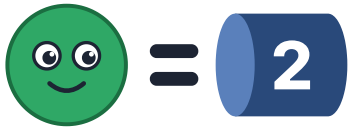

4

The Circle is in row 1.

Character in a row

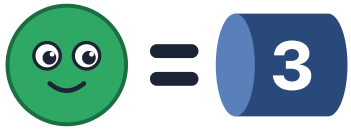

5

The Circle is in row 2.

Character in a row

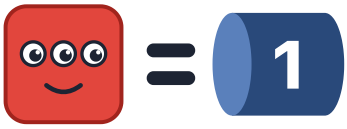

6

The Circle is in row 3.

Character in a row

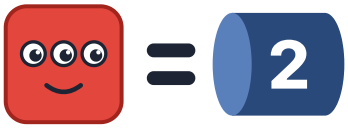

7

The Square is in row 1.

Character in a row

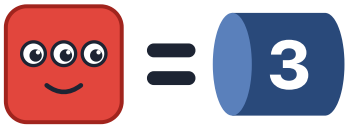

8

The Square is in row 2.

Character in a row

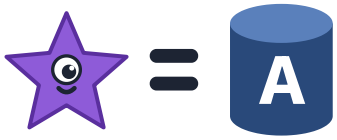

9

The Square is in row 3.

Character in a row

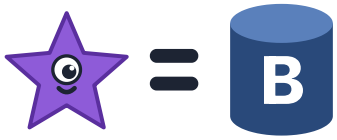

10

The Star is in column A.

Character in a column

11

The Star is in column B.

Character in a column

12

The Star is in column C.

Character in a column

13

The Circle is in column A.

Character in a column

14

The Circle is in column B.

Character in a column

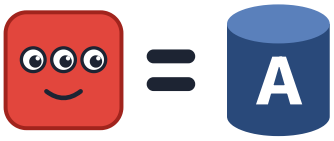

15

The Circle is in column C.

Character in a column

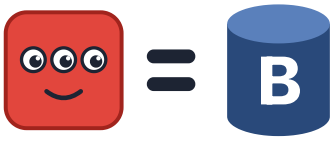

16

The Square is in column A.

Character in a column

17

The Square is in column B.

Character in a column

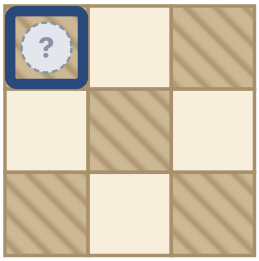

18

The Square is in column C.

Character in a column

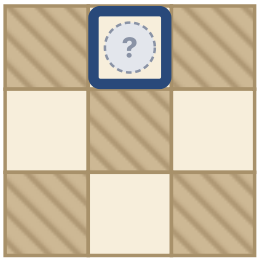

19

A character stands on cell A1.

Occupied cell

20

A character stands on cell B1.

Occupied cell

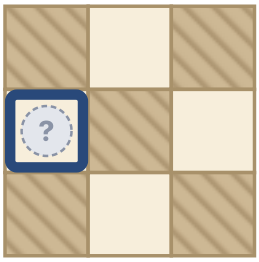

21

A character stands on cell C1.

Occupied cell

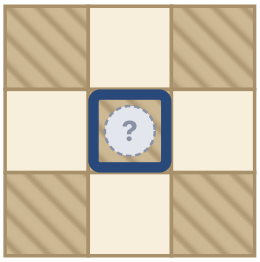

22

A character stands on cell A2.

Occupied cell

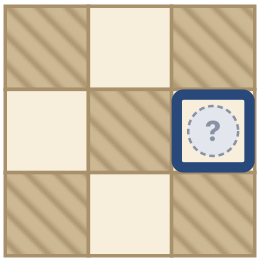

23

A character stands on cell B2.

Occupied cell

24

A character stands on cell C2.

Occupied cell

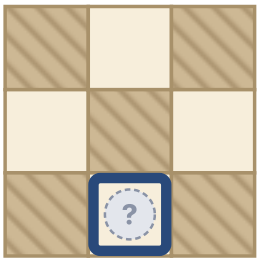

25

A character stands on cell A3.

Occupied cell

26

A character stands on cell B3.

Occupied cell

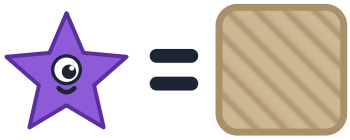

27

A character stands on cell C3.

Occupied cell

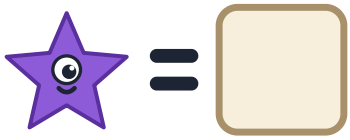

28

The Star is on a dark cell.

Character on a cell shade

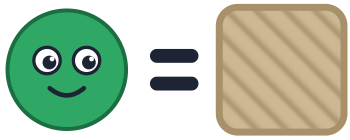

29

The Star is on a light cell.

Character on a cell shade

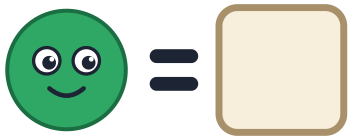

30

The Circle is on a dark cell.

Character on a cell shade

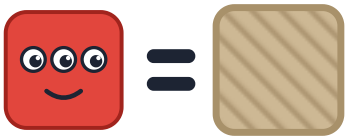

31

The Circle is on a light cell.

Character on a cell shade

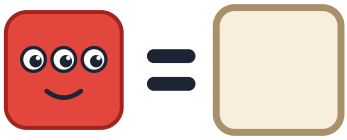

32

The Square is on a dark cell.

Character on a cell shade

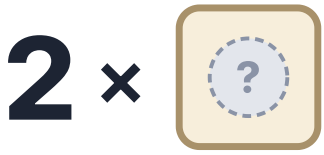

33

The Square is on a light cell.

Character on a cell shade

34

Exactly two characters are on light cells.

Number of characters on a shade
